## **INDEPENDENT AUDITOR’S REPORT**

January 22, 2026

To the Board of Trustees  
Merit School of Music

### **Opinion**

We have audited the financial statements of the Merit School of Music (“Merit”, an Illinois non-profit Corporation), which comprise the statements of financial position as of August 31, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for the years then ended, as well as the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Merit as of August 31, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“U.S. GAAS”). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report. We are required to be independent of Merit and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Merit’s management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are any conditions or events, considered in the aggregate, that raise substantial doubt about Merit’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

**INDEPENDENT AUDITOR'S REPORT (CONTINUED)**

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.
- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Merit's internal control. Accordingly, no such opinion is expressed.
- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.
- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Merit's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant findings, and certain internal control-related matters that we identified during the audit.

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Activities and Purpose**

The Merit School of Music (“Merit”) is a nationally accredited non-profit organization in Chicago that removes barriers to high-quality music education. Its main objective is to offer sustained introductory, preparatory, and conservatory level music instruction – including classical and jazz, and featuring band, voice, and orchestra, as well as guitars and piano – to students from birth to 18 years of age. Merit’s administrative and program facility is the Joy Faith Knapp Music Center at 38 South Peoria in Chicago, Illinois.

Merit’s programs include the following:

- The Alice S. Pfaelzer Tuition-Free Conservatory (the “Conservatory”), which requires and represents the highest level of achievement, provides students, selected by audition, with a curriculum in music theory, chamber music, instrumental technique, and large ensembles. Students attend Saturday classes, including a weekly assembly in which student faculty and guest artist performances are featured.
- The Merit Music in Communities (“MMiC”) program brings Merit’s faculty to the Chicago Public Schools, private schools, and other community sites each year, where they provide instruction in the Early Childhood program, as well as instruction in band, strings, chorus, and general music.
- The Instrumental and Vocal Music (“IVM”) program provides musical preparation for the Conservatory to primary school-age students. The curriculum is comprised of music theory, music history, and musicianship, as well as student participation in small technique and large ensemble classes.
- Merit’s Private Lessons program makes private instruction available to all students, from beginners to the most advanced musicians. Students gain additional experience through participation in private lesson recitals.
- The Early Childhood program includes classes for babies to preschoolers, as well as instruction under the MMiC program. This program supports a child’s first steps in a lifetime journey of musical appreciation that inspires them to participate in the IVM program and, eventually, the Conservatory.

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Nature of Activities and Purpose (continued)**

- The Summer program includes camps designed to provide young musicians with the opportunity to continue building musical skills in a focused, nurturing environment outside of their school program or private lesson routine. Camps, ensembles, and one-day workshops are offered, with a focus on instrumental improvement or ensemble play for almost every instrument and ensemble type there is.
- Program and student support represents the programmatic staff and resources utilized to support all of Merit's students through their journey along the Merit pathway from Early Childhood to the Conservatory.
- The Chicago Musical Pathways Initiative identifies and develops gifted and motivated orchestral students from underrepresented backgrounds for acceptance into top-tier conservatory, college, or university classical music programs in preparation for careers as professional musicians.

**Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting.

**Financial Statement Presentation**

Merit maintains its financial accounts internally in accordance with the principles and practices of fund accounting, the procedure by which resources for various purposes are classified for accounting purposes in accordance with Merit's activities or objectives. For financial reporting purposes, Merit's funds and its activities are classified in net assets without donor restrictions or net assets with donor restrictions, based on the existence or absence of donor-imposed restrictions, as follows:

**Net Assets Without Donor Restrictions**

This class consists of net assets that are not subject to donor-imposed restrictions, including the carrying value of all physical properties (fixed assets). Items that increase or decrease this net asset category include amounts received from government agencies, student fees, school contracts, and all expenses associated with the core activities of Merit.

**August 31, 2025 and 2024**

---

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Financial Statement Presentation (continued)**

**Net Assets Without Donor Restrictions (continued)**

In addition to these transactions, changes in this category of net assets include certain types of philanthropic support, namely contributions and foundation grants without donor restrictions, investment income and losses, and contributions and foundation grants with donor restrictions whose donor-imposed restrictions were met during the same year as received. Board-designated amounts are also part of net assets without donor restrictions (see Note D)

**Net Assets With Donor Restrictions**

This class consists of net assets subject to donor-imposed restrictions that may, or will, be met, either by actions of Merit or the passage of time. Items that affect this net asset category are contributions and grants with donor restrictions, including pledges for future years. These amounts are reclassified to net assets without donor restrictions when such restrictions are met or have expired. Some assets with donor restrictions may include a stipulation that assets provided be maintained permanently (perpetual in nature) by Merit. Merit is required to maintain the historical value of the initial investment, with earnings from the investment available for operations. Earnings from net assets held in perpetuity are recorded in net assets with donor restrictions, and are then released to net assets without donor restrictions as the related expenditures are incurred.

**Cash Equivalents**

Merit considers all highly liquid investments purchased with an original maturity of three months or less, including money market funds, to be cash equivalents.

**Fixed Assets**

Fixed assets are stated at their original cost, if purchased, or at their estimated value at the date of gift, if donated.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**August 31, 2025 and 2024**

---

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fixed Assets (continued)**

Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets, which are as follows:

Buildings and improvements	7-40 years
Furniture and fixtures	5-10 years
Office equipment	3-7 years
Musical instruments and equipment	5-10 years

In general, Merit's policy is to capitalize acquisitions of \$1,000 or more with a useful life in excess of one year. Major repairs and improvements are also capitalized. General maintenance and repairs which do not improve or extend the lives of the assets are expensed.

**Tax-Exempt Status**

Merit is exempt from income taxes under section 501(c)(3) of the Internal Revenue Code ("IRC") and applicable state law, except for net income derived from unrelated business activities. In addition, Merit qualifies for the charitable contribution deduction under IRC section 170(b)(1)(A) and has been classified as an organization other than a private foundation under IRC section 509(a).

Merit's income tax filings are subject to audit by various taxing authorities. In evaluating Merit's activities, management believes its position of tax-exempt status is based on current facts and circumstances, and there have been no uncertain positions taken related to recording income taxes. In the opinion of management, there are no activities unrelated to the purpose of the organization and, therefore, no tax is to be recognized.

It is the policy of Merit to include in administration expenses penalties and interest assessed by income taxing authorities. There are no penalties or interest from taxing authorities included in administration expenses for the years ended August 31, 2025 or 2024.

**Advertising**

Merit's advertising costs are expensed as incurred. Advertising expenses totaled \$80,128 and \$67,045 for the years ended August 31, 2025 and 2024, respectively.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**August 31, 2025 and 2024**

---

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**Fair Value Measurements**

Merit uses fair value measurements in the preparation of its financial statements, which utilize various inputs, including those that can be readily observable, corroborated, or are generally unobservable. Merit utilizes market-based data and valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Additionally, Merit applies assumptions that market participants would use in pricing an asset or liability, including assumptions about risk.

The measurement of fair value includes a hierarchy based on the quality of inputs used to measure fair value and provides specific disclosure requirements based on the hierarchy. Financial assets and liabilities are categorized into this three-level fair value hierarchy based on the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable inputs.

The various levels of the fair value hierarchy are described as follows:

- Level 1 — Financial assets and liabilities whose values are based on unadjusted quoted market prices for identical assets and liabilities in an active market that Merit has the ability to access
- Level 2 — Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable for substantially the full term of the asset or liability
- Level 3 — Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**August 31, 2025 and 2024**

---

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fair Value Measurements (continued)**

The use of observable market data, when available, is required in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

**Recognition of Contributions**

Contributions of cash and other assets, including unconditional promises to give in the future, are reported as support when received or when conditions related to a contractual promise to give are substantially met, measured at estimated realizable value. All contributions are considered to be available for general use unless specifically restricted by the donor. Contributions with donor-imposed stipulations that are met in the same year as received are reported as support without donor restrictions. All other contributions that are received with donor stipulations that limit the use of the donated assets are reported as support with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

**Rental Income**

Merit leases out space in the building it owns. Accordingly, rental income is recognized in accordance with the tenants' lease terms. Rental payments received in advance are deferred until earned.

**Net Investment Gains and Losses**

Merit holds various investments in common stocks, registered investment companies, corporate notes, real estate investment trusts, and certificates of deposit. Investment income is comprised of interest, dividends, and realized and unrealized gains and losses, net of investment fees, on the statements of activities.

**Revenue Recognition**

Revenue is measured based upon the consideration specified in a contract with a customer at the time when the related performance obligation is satisfied. A performance obligation is a promise in a contract to transfer a distinct good or service, or a series of distinct goods or services, to the customer. Merit recognizes revenue when a performance obligation is satisfied by transferring control over a product or service to a customer.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**August 31, 2025 and 2024**

---

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Revenue Recognition (continued)**

Merit receives tuition and student fees for the teaching and lessons provided to students. Merit recognizes this revenue at a point in time, net of allowances for amounts unlikely to be collected, when services are provided to students, which occurs on a daily basis or a per-lesson basis. Tuition and student fees received in advance for program activities which will be conducted in the subsequent fiscal year (principally tuition deposits) are recorded as deferred tuition revenue in the statements of financial position.

**Functional Allocation of Expenses**

Merit allocates its expenses on a functional basis among its program and supporting services. Costs directly attributable to programs or supporting services are recorded in the appropriate function. Certain costs not directly attributable to a function are allocated to functions, including compensation, which is allocated based on time studies of the particular individuals, and office expenses, which are allocated based on the square footage used by each function.

**Concentration of Credit Risk**

Financial instruments which potentially subject Merit to concentrations of credit risk consist principally of cash, cash equivalents, pledges receivable, tuition receivable, and investments.

Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed the federally insured limit of \$250,000 per depositor at each financial institution. Cash and cash equivalents on deposit in excess of the federally insured limit as of August 31, 2025 approximated \$3,334,000; however, Merit has not experienced any losses with respect to its bank balances in excess of the federally insured limit, and management believes Merit is not exposed to any unusual credit risk. As of August 31, 2025 and 2024, approximately 38 percent and 39 percent, respectively, of total pledges receivable were receivable from two donors. Tuition receivable is due from various schools and students. As disclosed in Note F, investments are diversified primarily in various common stocks, registered investment companies, corporate notes, and real estate investment trusts.

**Pledges Receivable**

Pledges receivable represent promises to give which have been made by donors but are unpaid as of August 31 of each year and consist primarily of unconditional pledges from individuals, corporations, and foundations.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**August 31, 2025 and 2024**

---

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Pledges Receivable (continued)**

Pledges receivable are recorded net of an allowance for uncollectible pledges and are also recorded net of a discount to present value applied to the long-term portion of any multi-year pledge. The discount rate used is an estimate made by management and represents a risk-free rate of return that ranges from 3.58 percent to 4.01 percent as of August 31, 2025, and from 3.91 percent to 4.89 percent as of August 31, 2024, depending on the life of the pledge. The discount is amortized over the term of the pledge, and amortization is recorded as contribution revenue. Management determines the allowance based on historical experience and an analysis of specific accounts. Uncollectible accounts are written off in the year they are deemed to be worthless.

**Tuition Receivable**

Tuition receivable represents uncollateralized customer obligations due under normal trade terms and consists of amounts due from schools and students for music education classes. Merit recognizes an allowance for credit losses on tuition receivable in an amount equal to the estimated probable losses, net of recoveries. The allowance is based on an analysis of historical experience and expected future collections, as well as an assessment of specific identifiable customer accounts considered at risk or uncollectible. The allowance for credit losses as of August 31, 2025 and 2024 was \$55,229, and was based on estimates made by management and Merit's historical collection experience.

**Investments**

Merit's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Merit's investments in common stocks and registered investment companies traded on a national securities exchange, or reported on the NASDAQ national market, are stated at the last reported sales price on the day of valuation. Merit's investments in corporate notes, real estate investment trusts, and certificates of deposit are traded on a national securities exchange or market and are valued at the mean between the current "bid" and "asked" quotation on that day.

Purchases and sales of investments are reflected on a trade-date basis. Gains and losses on sales of securities are based on average costs. Dividend income is recorded on the ex-dividend date. Net appreciation and depreciation include gains and losses on investments bought and sold, as well as held, during the year.

**NOTE A — NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investments (continued)**

Realized gains and losses represent the difference between the proceeds received and the cost of investments sold. Unrealized gains and losses represent the change in the fair value of investments during the year. Investment income, as well as realized and unrealized gains and losses, are reported as increases or decreases in net assets and are reflected as changes in net assets without donor restrictions or net assets with donor restrictions, as appropriate.

Investments received as contributions of \$71,733 and \$299,298 for the years ended August 31, 2025 and 2024, respectively, are recorded at fair value, which is based upon quoted market prices and which is the basis for the amount of contribution revenue recognized by Merit.

**Leases**

Merit recognizes right-of-use assets and lease liabilities for virtually all leases. Leases are categorized as either finance leases or operating leases.

At contract inception, Merit determines whether a contract is or contains a lease, based on whether Merit has the right to control the asset during the contract period, and whether the lease should be classified as a finance lease or an operating lease. Merit's leasing arrangements do not contain any non-lease components. Merit does not enter into any leases with a defined borrowing rate, so Merit uses the incremental borrowing rate to measure its right-of-use assets and lease liabilities. The incremental borrowing rate is the rate that Merit would have to pay to borrow, on a collateralized basis over a similar term, amounts equal to the lease payments in a comparable economic environment.

Merit has elected not to recognize right-of-use assets or lease liabilities for leases that have an initial term of 12 months or less; Merit recognizes lease expense for these leases on a straight-line basis over the lease term.

**Goodwill**

Merit recorded goodwill related to the acquisition of the Suzuki Music School of Lincoln Park ("Suzuki") (see Note H). Merit has elected to amortize its purchased goodwill of \$116,000 over five years. If a triggering event were to occur, Merit would perform an impairment test at the reporting unit level.

**NOTE C — ENDOWMENT FUNDS**

Merit's endowment funds are comprised of contributions from donors for the creation of Merit's permanent endowment, consisting of the Joy Faith Knapp Endowment Fund, the Negaunee Foundation Endowment Fund, the General Purposes Fund, and the Scholarship Fund. Income from the Joy Faith Knapp Endowment Fund and the General Purposes Fund is available for general operations, while the income from the Negaunee Foundation Endowment Fund is restricted for financial aid, and the income from the Scholarship Fund is restricted for scholarships. In addition, certain net assets without donor restrictions which are subject to the oversight of Merit's Board of Trustees (the "Board") are also included in Merit's endowment funds. All endowment assets are invested in Merit's investment portfolio. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

For the years ended August 31, 2025 and 2024, the permanent endowment's share of the total investment gain earned by Merit's investment portfolio was \$355,098 and \$1,576,095, respectively. These investment gains are included in net investment gains in the statements of activities.

Merit follows the Illinois Uniform Prudent Management of Institutional Funds Act (the "Illinois UPMIFA"). The Board has interpreted the Illinois UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, Merit classifies in net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation was added to the fund. The remaining portion of the donor-restricted endowment funds that is not required to be held in perpetuity is classified in net assets with donor restrictions until those amounts are appropriated for expenditure by Merit in a manner consistent with the standard of prudence prescribed by the Illinois UPMIFA.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**NOTE C — ENDOWMENT FUNDS (CONTINUED)**

In accordance with the Illinois UPMIFA, Merit considers the following factors in making a determination to appropriate or accumulate earnings on its donor-restricted endowment funds:

- The duration and preservation of the funds
- The purpose of Merit and the donor-restricted endowment funds
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of Merit
- The investment policies of Merit

The Finance Committee of the Board, which oversees the investment portfolio of Merit with the assistance of Merit's investment consultants, operates under an investment policy that attempts to provide a predictable stream of income and investment returns. Under these policies, the endowment assets are invested. To satisfy its long-term rate of return objectives, Merit relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Merit targets a diversified asset allocation that may place a greater emphasis on equity-based and fixed income-based investments to achieve its long-term return objectives within prudent risk constraints. Merit has a Controlled Growth Distribution Policy for its spending policy attributable to the investment portfolio. This methodology is intended to preserve principal while allowing for consistency in payouts, balancing both long-term and short-term objectives of both compounding returns and managing budgets. During the years ended August 31, 2025 and 2024, all investment earnings (realized and unrealized) from the permanent endowment were appropriately transferred into net assets without donor restrictions and other net assets with donor restrictions, based upon donor stipulations.

From time to time, the fair value of assets associated with the endowment funds may fall below the level that the donors or the Illinois UPMIFA require Merit to retain as funds of perpetual duration. This deficiency would result from unfavorable market fluctuations, the timing of new contributions received, and continued appropriations from the permanent endowment. Deficiencies of this nature would be reported in net assets with or without donor restrictions, depending on the existence of any donor restrictions applicable to the investment earnings of the permanent gifts. There were no deficiencies within the funds for the years ended August 31, 2025 or 2024.

**NOTE C — ENDOWMENT FUNDS (CONTINUED)**

Merit’s policy is to preserve the historical dollar value of contributions to be held in perpetuity and to use any of the investment returns as is prudent, taking into consideration donor restrictions for the usage of investment earnings.

**NOTE D — BOARD-DESIGNATED FUNDS**

The following is a description of the composition of Merit’s Board-designated funds included in net assets without donor restrictions:

**Gifts with No Restrictions**

The Board has designated certain net assets as being available for investment purposes. These assets are derived from contributions without restrictions from donors. From these assets, the Board annually authorizes between three and seven percent of the market value of these designated funds as of January 1 of that year as a distribution to support current operations. The annual distributions for the years ended August 31, 2025 and 2024 are \$782,900 and \$763,800, respectively.

**Named Scholarship Gifts**

Named scholarship gifts result from contributions received in honor or in memory of an individual, from which the Board has designated the income earned to be used to fund scholarships in the honoree’s name. The named scholarship gift balances include accumulated investment income earned on the gifts.

A summary of Board-designated net assets is as follows as of August 31, 2025 and 2024:

	<b><u>2025</u></b>	<b><u>2024</u></b>
Gifts with no restrictions	\$ 22,165,307	\$ 18,449,633

**NOTE I — LEASES (CONTINUED)**

Merit had no right-of-use assets or lease liabilities as of August 31, 2024. The weighted average remaining lease term and the weighted average discount rate of Merit’s leases as of August 31, 2025 are as follows:

Weighted average remaining lease term for operating leases	2.00 years
Weighted average discount rate for operating leases	8.0 %

Merit rented out part of its building to other parties. Building rental income is \$135,797 and \$130,347 for the years ended August 31, 2025 and 2024, respectively. All leases had expired as of August 31, 2025.

**NOTE J — IN-KIND CONTRIBUTIONS**

Merit occasionally receives contributions of music instruments and tickets for performances, which are then held for auction. Such in-kind contributions, when received, are valued using estimated average prices of identical or similar products, considering the utility of the goods at the time of the contribution.

In-kind contributions, including the usage of those contributions, are summarized as follows for the years ended August 31, 2025 and 2024:

In-kind contributions were valued using estimated average prices of identical or similar products or services using pricing data of similar products or services under a “like-kind” methodology, considering the utility of the services and goods at the time of the contribution. No in-kind contributions were received with donor restrictions. Merit uses donated services and goods for its own program or supporting service activities.

**NOTE K — RETIREMENT PLAN**

Merit provides retirement benefits for eligible employees through a benefit plan under section 401(k) of the IRC. This plan is designed as a qualified cash deferral arrangement pursuant to the IRC and provides for both participant-directed and employer contributions. Participant-directed contributions are made by Merit at the direction of each participant and are deducted from the participant's direct compensation. The aggregate annual amount of each individual participant-directed contribution is subject to federal dollar limits. Merit makes a safe harbor contribution of three percent, based upon each participant's base compensation, as specified in the 401(k) plan agreement. To be eligible to participate in the 401(k) plan, an employee must be at least 21 years of age and have at least one year of service. Participants are immediately vested in their participant-directed contributions and their safe harbor contributions received from Merit, including all related earnings thereon. For the years ended August 31, 2025 and 2024, employer contributions to the 401(k) plan totaled \$121,830 and \$107,241, respectively.

**NOTE L — EMPLOYEE RETENTION CREDIT**

The Coronavirus Aid, Relief, and Economic Security Act introduced the Employee Retention Credit ("ERC") as pandemic relief for eligible organizations. The ERC is a refundable credit against certain employment taxes and qualifies as a government grant. Under accounting principles generally accepted in the United States of America, government grants are recognized as revenue in the period in which an entity substantially overcomes all measurable barriers to be entitled to the funding. Management determined that the measurable barriers that must be overcome for entitlement to the ERC funding are qualifying for the credits based on the threshold for gross receipts decline in 2021 compared to 2019 and incurring eligible payroll expenses. Merit determined these conditions were met and recognized \$1,299,340 of ERC revenue on the accompanying statement of activities as governmental program revenue without donor restrictions during the year ended August 31, 2025.

Merit's ERC claim is subject to review by the Internal Revenue Service ("IRS") within the applicable statute of limitations. If a portion or all of the ERC is determined to be ineligible upon IRS review, Merit would be required to return the ineligible portion on demand and could potentially be subject to penalties and interest on unpaid employment taxes.

**NOTE M — LIQUIDITY AND AVAILABILITY OF RESOURCES**

Merit has the following financial assets available for general expenditures within one year as of August 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
<b>Financial Assets:</b>		
Cash and cash equivalents	\$ 4,162,907	\$ 5,266,071
Pledges receivable – current portion	2,628,120	4,384,416
Tuition receivable	696,121	812,814
Investments	<u>30,825,431</u>	<u>23,552,326</u>
<b>Total Financial Assets</b>	<b>38,312,579</b>	<b>34,015,627</b>
Less:		
Assets with donor restrictions for specific purposes included in financial assets	(13,688,459)	(12,100,406)
Board-designated assets	<u>(23,569,789)</u>	<u>(19,852,486)</u>
<b>Financial Assets Available to Meet General Expenditures within One Year</b>	<b><u>\$ 1,054,331</u></b>	<b><u>\$ 2,062,735</u></b>

Merit has certain donor-restricted assets included in financial assets that are to be used for specific purposes, as well as assets which are designated by the Board for long-term purposes. Therefore, these assets are not considered to be available for general expenditures within the next year. Merit maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In the event of a liquidity need outside of budgeted operations, the Board-designated assets would be available for general expenditures upon approval by the Board.
